DAVIS C. JOHNSON,

A Married Man's Signs of Spring.

Time was when I, in years agone, Did scent the breath of Spring's first dawn,

And feel it in my blood. When I did note frondescent trees,

Fields in fresh vendure drest. And list the strenuous hum of bees

On flow'rful vale and crest. Then was the Frost King put to rout. Before th'invading sun, And Nature hung green banners out

To show the vict'ry won. But now no more the tender have Or greening fields shall bring

The signs which erst in boyhood's days Gave sweet foretaste of spring. Now carpets groan 'neath heavy blows,

Dust fills the atmosphere, And household goods all piled in rows. Proclaim that spring is here.

Cold meals, bare-floors, scrub-brushes, paint With topsy-turvy King, All atter a discordant plaint

Declarative of spring. SAM. M. GAINES.

LODIBURG.

The Breckenridge county assembly of the Farmers' Mutual Benefit Association met at Lodiburg, on April 4th, 1891. Quite a large crowd was present, and every lodge in the county was fully represented, but one. The utmost harmony prevailed, and all present manifested a lively interest in the proceedings. The following officers were elected for the ensuring six months. C. B. Helm, President; J. T. Wheeler, Vice-Pr sident; A. M. Hardin, Secretary; G. A. Hendry, Treasury. All other business properly coming before the assembly was transacted, and the following was unanimously

2nd. We demand that congress shall pass such laws as shall effectually prevent the dealing in futures of all agricultural and mechanical productions, preserving a stringent system of proceedure in trials as shall secure the prompt conviction. and imposing such penalties as shall secure the most perfect compliance with the law.

3rd. We demand the free and unlimited coinage of silver.

4th. We demand the passage of laws prohibiting the alien ownership of land, and that congress take early steps to devise some plan to obtain all lands now owned by aliens and foreign syndicates, and that all lands now held by railroads and other corporations in excess of such as is actually needed by them, be reclaimed by the government, and held for actual settlers only.

5th. Believing in the doctrine of equal rights to all and special privileges to none," we demand that taxation, nationed or state, shall not be used to build up one interest or class at the expense of another. We believe that the money of possible in the hands of the people, and hence we demand that all revenues, national, state or country, shall be limited to the necessary expenses of the government economically and honestly ad-

> The adoption of a resolution favoring a tariff for revenue only by the Commercial congress of Western States, at the conclusion of their session in Kansas City last week, is very significant of the popularity of the Democratic doctrine. The Congress broke up in a row, it is true, but not until an expression from a majority of the delagates was obtained upon the subject of the tariff. The with drawal of the high protectionists because they were in minority was the cause of the inharmonious ending. This in no wise affects the verdict of the Congress, and it will be accepted as a very strong indication of the progress that tariff reform is making all over the county .-Danville Advocate.
